TAFE SA Libraries have videos available to view online, these are called Streaming Videos and are from the ClickView streaming video library. You can view these videos on or off campus.

You can find the videos by searching the library catalogue and including the words "streaming video", e.g. medications streaming video.

Below is an example of a streaming video from the library catalogue. Click on the link (shown in the red box below) to view this video.

If you are accessing streaming videos from off campus you will need to login to both your Library Account as well as ClickView

To log in to your library account:

Your Borrower ID is your student ID number
Your initial Password is your date of birth in 4 digit DDMM format
  e.g. If your birthday is on 27th July, your password will be 2707

Find your video/s by searching the library catalogue and including the words "streaming video", e.g. medications streaming video

Click on the link shown within the red box above to obtain login details for ClickView
Once ClickView is open your video will start playing.
You could also search for all videos within the ClickView website.

Click on Libraries to go back to the main page and to see all the collections.

Click on one of the Collections and see what sub-collections are available.

OR

Use the Search box to search the entire streaming video library, When you use the search box the results will show what collections/sub-collections you are searching within.
