Human Anatomy is an online database that brings human anatomy to life as you zoom, rotate, and explore interactive 3D models. View related reference articles and quizzes.

To access:

- Log in to your library account at [https://tafesa.spydus.com](https://tafesa.spydus.com)
  Your **Borrower ID** is your student ID number
  Your initial **PIN** is your date of birth in 4 digit DDMM format.
  *e.g. If your birthday is on 27th July, your PIN will be 2707.* (Then click on Login)
- Select **Online Databases** (right hand side Online Resources menu) and then **Gale Interactive Human Anatomy** from the list of databases

To search:

Offers 3 browsing options:

**System** - Choose sessions based on body system, such as respiratory, skeletal, circulatory, or digestive. Further refining is offered

**Region** - Choose sessions to study by region of the body. Further refining is offered

**3D Printable Models** - Unleash your 3D Printer with these downloadable, printable models

**Basic searching**

- Type your search term/s into the white box
Search Results

You can click through to a particular lesson or category, or enter keywords in the Search field.

To access activities for specific topics:
1. Click checkboxes in the Filter By Category pane. (or)
2. Enter keywords in the Search field, and press Enter or click the search icon.
3. In the search results pane, click the title of the desired activity.

Navigating through an Activity

Your selected activity will load as an interactive 3D model, and you can step through a guided lesson before taking a quiz.

You can enlarge the viewer and manipulate the 3D model in a variety of ways.

Searching in the Articles Pane

Click or tap to display a search box in the Articles section. Type terms in the search box and then select one of the following options:
- Basic: A good all-purpose search
- Subject: Find content about a topic
- Publication: Find content by its source
- Entire Document: Search every word

TIP Advanced search is also available.

Help

For more information on searching and other features of this database, click on Help on the top menu bar.

Logout

Logout of the database by clicking on the Logout link on the top left-hand side of the screen.

To reference:

When you use someone else's words, ideas or graphics you must reference this. Use the referencing system recommended by your lecturer, for example Harvard Referencing.
